

First Grade Math Choice Board

Week of May 11, 2020

Choose at least 3 activities for the week!

<p><u>Catch a Dinosaur</u> Math Game</p> 	<p>Draw a number line to solve.</p> <p>A T-Rex ran 8 miles. After he took a nap he walked 6 more. He ate some dinner then skipped 10 more. How far did he go? *Bonus: How fast could a T-rex run? Where did you find your information? Draw a picture of a T-Rex running.</p>	 <p><u>Dinosaur Subtraction Game</u></p>
<p>Create a dinosaur using only 6 rectangles, 4 squares, and 3 circles. Give him a scientific name, a nickname, tell what he eats, and where he lives.</p>	<p>Review this video on missing addends.</p> <p>Now that you have reviewed, solve the following dino problems that have missing parts.</p>	<p>Using these JURASSIC NUMBERS, put them in order from greatest to least.</p> <ol style="list-style-type: none">120, 101, 118, 111, 99, 113100, 79, 106, 105, 70, 10194, 113, 103, 87, 97, 7779, 89, 109, 99, 119, 4981, 88, 112, 117, 91, 110
<p>Draw a very hungry T-Rex eating the greater number.</p> <ol style="list-style-type: none">40 _____ 3937 _____ 3613 _____ 3135 _____ 2526 _____ 2322 _____ 1123 _____ 3218 _____ 19	<p>What do you call a dinosaur that doesn't give up?</p> <p>Solve the addition and subtraction problems to answer the Dinosaur Riddle.</p>	<p>Watch Tally Charts and Bar Graphs and complete the easy quiz and hard quiz (online or print here).</p> <p>Extension: Ask family members their favorite dinosaur and record in a tally chart. Use that data to make your own bar graph. (Feel free to complete any additional activities that go along with the video.)</p>

Dreambox Challenge

Try to complete at least 5 lessons this week!

Check off each time you complete a lesson!
